

# CUSTOMIZABLE SERVING STATION CONCEPT

## VERSIONS

- Serving station 2.5L
- Serving station 5L

## DESCRIPTION

Our serving station is elegant, timeless and practical. The serving station has a stainless steel inner lining and it has a practical tap and level indication tube. Since no external heat is supplied, the coffee retains its excellent taste and aroma for a long time. The serving station also fits into all possible environments, and is quick and easy to handle. Lift the serving station off the brewer and put it wherever you want to serve the coffee.

## FEATURES

- Practical tap and level indication tube
- Stainless steel inner lining
- Unique heat retention (no external heat)
- Integrated handle

## ACCESSORIES\*

- Lid cover 2.5L
- Lid cover 5L

(\*) Sold separately

## TOWER BREWER

Designed for high volumes, the Tower Brewers ensure a sufficient supply of freshly brewed coffee around the clock. The Single Tower delivers 200 cups per hour, while the (twin) Tower Brewer offers twice the capacity delivering 10 liters of freshly brewed coffee through two 5 liter brewing stations. The Tower Brewer is also available as a wall mountable option and includes a trolley for the serving stations.

Customizable display lid for Serving Station

The (twin) Tower Brewer

Serving Station 2.5L and 5L with lid cover
